

Step-Through Electric Bicycle with Cargo Storage

This electric bicycle has a step-through frame for easy mounting and dismounting. It is equipped with front and rear lights, a front basket, and a rear storage box.

Overview

Designed for Urban Utility

This compact electric bicycle features a convenient step-through frame, making it ideal for frequent mounting and dismounting in urban environments. Engineered for versatility, it comes equipped with both front and rear cargo storage solutions, including a front basket and a rear box. With a focus on rider comfort and safety, the design includes a padded seat, rear suspension, and integrated lighting for enhanced visibility.
