

Step-Through Electric Bicycle with Front Basket and Rear Passenger Seat

This electric bicycle has a step-through frame for easy access and includes a front basket for cargo. Designed for passenger comfort, it features a rear seat with a backrest and front/rear suspension.

Overview

Versatile Step-Through E-Bike

This electric bicycle is designed with a convenient step-through frame, allowing for effortless mounting and dismounting. Equipped with a practical front basket and a comfortable rear passenger seat with a backrest, it is perfectly suited for daily commuting or light utility tasks. The integrated electric motor and pedal-assist system provide a flexible riding experience, while the front and rear suspension ensure a smooth journey over various urban surfaces.
