

Step-Through Electric Bicycle with Passenger Backrest

This electric bicycle features a step-through frame, making it easy to mount and dismount. Equipped with a padded seat and rear rack with backrest, it offers a comfortable ride for both the cyclist and a passenger.

Overview

Designed for Comfort and Accessibility

This electric bicycle features a user-friendly step-through frame design, allowing for effortless mounting and dismounting. Engineered with passenger convenience in mind, it includes a comfortable padded seat and a dedicated rear rack equipped with a supportive backrest. The integrated battery system and thoughtful safety features, such as a chain guard, make this an ideal solution for urban commuting or short-distance passenger transport.
