

Step-Through Electric Bicycle with Rear Rack

This step-through electric bicycle is designed for easy mounting and dismounting. Equipped with a rear rack, it's suitable for carrying cargo during urban commutes and recreational rides.

Overview

Urban Commuting Excellence

This step-through electric bicycle is engineered for comfortable urban commuting and versatile recreational riding. Featuring an accessible low-frame design, it allows for effortless mounting and dismounting in city environments. Equipped with a reliable rear rack and integrated components, it balances functionality and ease of use for daily transportation needs.
