

Step-Through Electric Bicycle with Storage

This electric bicycle has a step-through frame, making it easy to mount and dismount. It features a rear storage compartment, padded seat, and front and rear lights.

Overview

Designed for Urban Convenience

This step-through electric bicycle is engineered for effortless urban commuting and daily errands. The low-frame design ensures easy mounting and dismounting, while the integrated rear storage compartment provides practical utility for carrying goods. Combining safety features like front and rear lighting with a comfortable padded seat, this bike offers a reliable and stylish solution for city navigation.
