

Step-Through Electric City Bicycle with Basket and Storage

This electric bicycle features a step-through frame, making it easy to mount and dismount. It is equipped with a front basket and rear storage compartment for carrying items.

Overview

Designed for Urban Commuting

This electric city bicycle features a convenient step-through frame, allowing for effortless mounting and dismounting in busy urban environments. Equipped with both a front basket and a rear storage compartment, it provides practical solutions for carrying groceries, bags, or other essentials. The integrated electric motor and battery system offer an efficient, eco-friendly mode of transportation, while built-in front and rear lights ensure safety and visibility during rides.
