

Step-Through Electric City Bike with Basket and Backrest

This electric bike features a step-through frame, front basket, and backrest for comfortable urban transport. It is equipped with an electric motor to assist pedaling or provide full electric operation.

Product Overview

Urban Commuter Electric Bike

This step-through electric city bike is designed for effortless urban commuting and comfortable recreational riding. It features a convenient step-through frame for easy mounting, a padded seat with a backrest for enhanced rider comfort, and a practical rear rack for cargo. Equipped with an electric motor, it supports both pedal-assisted and full electric operation, making it a versatile choice for daily travel.
