

Step-Through Electric Scooter with Integrated Storage

This electric scooter features a step-through frame for easy mounting and dismounting. It includes a front fairing with integrated headlights and a rear storage compartment.

Product Overview

Design and Utility

This electric scooter features a user-friendly step-through frame design, engineered for effortless mounting and dismounting. The vehicle integrates essential urban mobility features, including a front fairing with built-in headlights, mirrors, and turn signals for enhanced safety. A dedicated rear storage compartment adds practical utility, making it an ideal solution for daily commuting and short-distance transport.
