

Step-Through Folding Bicycle with Rear Suspension

This folding bicycle is designed with a step-through frame, making it easy to mount and dismount. It features a rear suspension system to absorb shocks for a smoother ride.

Overview

Urban Mobility Solution

This step-through folding bicycle is engineered for convenience and comfort in urban environments. Featuring a compact folding mechanism and rear suspension, it offers a smooth ride while being easy to store or transport. The step-through frame design ensures effortless mounting and dismounting, making it an ideal choice for daily commuting and recreational riding.
