

Step-Through Frame City Bike with Integrated Lights and Rear Rack

This city bike has a high-carbon steel frame with a step-through design for easy mounting. It includes integrated front and rear lights and a rear rack with a large-capacity, detachable bag.

Overview

Versatile City and Touring Bicycle

This step-through frame city bike is designed for comfortable and efficient riding, making it an ideal choice for commuting, leisure rides, and light touring. Its ergonomic design features an upright riding position that enhances visibility and reduces strain on the back and wrists. Built for durability and cost-effectiveness, it provides a practical solution for daily transportation needs.
