

# Step-Through Frame Electric Bicycle

This electric bicycle features a step-through frame, which allows for easy mounting and dismounting. Designed for urban commuting and recreation, it includes a front basket, headlight, rear rack with passenger seat, and a centrally mounted battery pack.

## Overview

### Urban Commuter E-Bike

This step-through electric bicycle is engineered for convenience and comfort in urban environments. Featuring an accessible frame design, it allows for easy mounting and dismounting, while the integrated front basket and rear rack with a passenger seat provide practical utility for daily commuting or leisure. With its reliable single-speed drivetrain and protective fenders, this bike offers a seamless and clean riding experience.
