

Step-Through Frame Electric Bicycle

This electric bicycle is designed with a step-through frame for easy access. It includes a rear passenger seat with a backrest and a front basket for carrying items.

Overview

Step-Through Design for Daily Commuting

This electric bicycle features an accessible step-through frame design, making it easy to mount and dismount for riders of all skill levels. Equipped with a rear passenger seat with a backrest and a convenient front basket, it is designed for urban utility and short-distance transport. The blue and white color scheme, combined with integrated safety lighting and reflectors, offers a clean and visible aesthetic for daily use.
