

Step-Through Frame Electric Bicycle with Basket and Rack

This electric bicycle features a step-through frame, making it easy to mount and dismount. It includes a front basket and rear rack for carrying items.

Overview

Design and Utility

This step-through frame electric bicycle is engineered for ease of use and daily utility, featuring a low-mount frame that allows for effortless mounting and dismounting. Equipped with both a front basket and a rear rack, it provides ample storage capacity for commuting or light errands. The design incorporates safety features such as integrated lights and reflectors, ensuring visibility and peace of mind during operation.
