

Step-Through Frame Electric Bicycle with Basket and Rack

This electric bicycle is designed for urban commuting and leisure rides. It features a step-through frame, a front basket, and a rear rack.

Overview

Urban Commuter Electric Bicycle

This electric bicycle is specifically engineered for urban commuting and leisure riding, featuring a convenient step-through frame design that ensures easy mounting and dismounting. It comes fully equipped with practical storage solutions, including a front basket and a rear rack, making it ideal for daily errands or light cargo transport. With integrated electric pedal assistance and a suspension fork, this bike balances comfort, utility, and modern performance for the professional rider.
