

Step-Through Frame Electric Bicycle with Baskets

This electric bicycle has a step-through frame for easy access and includes a front basket and rear rack. It is equipped with a battery pack to assist with pedaling, making it suitable for urban commuting.

Product Overview

Designed for Urban Mobility

This electric bicycle features a convenient step-through frame design that allows for effortless mounting and dismounting. Engineered for both urban commuting and leisure riding, it integrates a powerful battery pack behind the seat post to provide consistent pedal assistance. The inclusion of both a front basket and a rear rack offers practical storage solutions for daily tasks or errands.
