

Step-Through Frame Electric Bicycle with Cargo Rack

This electric bicycle has a step-through frame for easy access and is equipped with front and rear fenders to protect from splashes, plus a rear rack for cargo. Disc brakes ensure reliable stopping power and integrated lights enhance visibility.

Product Overview

Designed for Comfort and Utility

This step-through frame electric bicycle is engineered for effortless mounting and dismounting, making it an ideal choice for urban commuting and cargo transport. Equipped with a high-efficiency mid-drive motor and a reliable lithium-ion battery system, it offers a smooth and consistent ride. The inclusion of integrated lights, front and rear fenders, and a sturdy cargo rack ensures this bike is ready for daily tasks in various conditions.
