

Step-Through Frame Electric Bicycle with Cargo Rack

This electric bicycle is designed with a step-through frame for easy mounting and dismounting. It features a rear rack for carrying cargo and a front suspension fork for a smoother ride.

Product Overview

Urban Utility E-Bike

Designed for convenience and versatility, this electric bicycle features an accessible step-through frame that allows for easy mounting and dismounting. Equipped with a sturdy rear cargo rack and integrated battery system, it is an ideal solution for urban commuting and light transport needs. The inclusion of front suspension and full fenders ensures a comfortable and clean ride, regardless of road conditions.
