

Step-Through Frame Electric Bicycle with Integrated Lighting

This electric bicycle is designed with a step-through frame for easy mounting and dismounting. It includes a front fender, rear rack, and integrated lighting, making it suitable for urban commuting and recreational use.

Overview

Urban Commuter E-Bike

This step-through frame electric bicycle is engineered for convenience and efficiency in urban environments. Featuring an integrated rear-wheel motor and a sleek silver and black design, it balances modern aesthetics with practical utility. The inclusion of integrated lighting, a front fender, and a rear rack makes it an ideal solution for daily commuting and leisure riding.
