

Step-Through Frame Electric Bicycle with Storage

This electric bicycle is designed with a step-through frame for easy access. It includes a front basket and rear storage for carrying items, along with a battery pack for assisted pedaling.

Overview

Versatile Step-Through Electric Bicycle

Designed for maximum convenience and utility, this step-through frame electric bicycle simplifies mounting and dismounting, making it an ideal solution for daily commuting and delivery tasks. It features an integrated battery-powered electric motor to assist pedaling, significantly reducing rider fatigue. With a dedicated front basket and a rear storage compartment, this bicycle provides ample cargo capacity for personal items or goods.
