

Step-Through Frame Electric City Bike

This electric bicycle is designed with a step-through frame for easy mounting and dismounting. It is equipped with front suspension, disc brakes, front and rear fenders, a rear-mounted battery pack, and a kickstand.

Product Overview

Designed for Urban Mobility

This electric city bike features a convenient step-through frame designed for easy mounting and dismounting in busy urban environments. Built for both commuting and recreational use, it combines comfort and functionality with a rear-mounted battery system. The integration of front suspension and reliable disc brakes ensures a smooth and safe ride across city streets.
