

Step-Through Frame Electric City Bike with Cargo Storage

This electric bike features a step-through frame for easy mounting and dismounting. It includes a front basket for carrying items and a rear storage box for additional cargo capacity.

Product Overview

Designed for Urban Utility

This electric city bike features a convenient step-through frame design, allowing for effortless mounting and dismounting in busy urban environments. Equipped with both a front basket and a rear storage box, it provides substantial cargo capacity for daily commuting or delivery tasks. The integrated battery system offers reliable electric assistance, while the included fenders and padded seat ensure a comfortable and clean ride on paved surfaces.
