

Step-Through Frame Electric Commuter Bicycle

This electric bicycle is designed with a step-through frame for convenient mounting and dismounting. It is equipped with a front headlight and rear rack, making it suitable for urban commuting.

Overview

Urban Commuter Design

This electric commuter bicycle is engineered for urban environments, featuring a convenient step-through frame design that ensures easy mounting and dismounting. Designed with comfort and utility in mind, it comes fully equipped with essential accessories including front and rear fenders, a rear rack for cargo, and a built-in headlight for improved visibility. Its robust construction and thoughtful ergonomics make it an ideal solution for daily city travel.
