

Step-Through Frame Electric Scooter with Rear Rack

This electric scooter has a step-through frame and rear luggage rack. It is designed for urban transportation, providing an eco-friendly alternative.

Overview

Urban Mobility Redefined

This electric scooter features a convenient step-through frame design, making it an accessible and comfortable choice for daily urban commuting. Equipped with a sturdy rear luggage rack, it provides practical storage for groceries or personal items. Designed as an eco-friendly alternative to gasoline-powered vehicles, this scooter combines modern efficiency with functional urban design.
