

Step-Through Frame Motorcycle

This motorcycle features a step-through frame design, offering ease of mounting and dismounting. It is equipped with a front fender rack, chrome accents, and a rear carrier with a storage box.

Overview

Practical Step-Through Design

This step-through frame motorcycle is engineered for efficiency and daily utility. Featuring a robust single-cylinder engine and classic spoke wheels, it offers a reliable and economical transportation solution. The design includes integrated storage options like a front fender rack and a rear carrier box, making it ideal for urban commuting and light cargo transport.
