

# Step-Through Frame Trekking Bicycle

This step-through frame trekking bicycle is designed for urban and recreational use. It features a comfortable saddle, rear rack, and front and rear fenders.

## Product Overview

### Designed for Comfort and Utility

This step-through frame trekking bicycle is engineered for both urban commuting and recreational riding. It prioritizes ease of use and maintenance with a simplified single-speed drivetrain. Equipped with essential utility features like a rear cargo rack and integrated fenders, it ensures a practical and comfortable experience for the daily rider.
