

Step-Through Frame Tricycle with Cargo and Suspension

This tricycle features a step-through frame for easy access and enhanced comfort. It is equipped with a front basket and rear cargo area, along with front suspension to ensure a smooth ride.

General Overview

Designed for Utility and Comfort

This step-through frame tricycle is engineered for ease of use and maximum utility, providing a stable platform for errands or leisurely transportation. With integrated front suspension, users can enjoy a smoother ride even on uneven surfaces. The inclusion of both a front basket and a rear cargo area with a cushioned seat makes this an ideal solution for carrying items securely while maintaining passenger comfort.
