

Step-Through Gas Scooter

This is a gas-powered scooter with a step-through frame. It includes a rear luggage rack and padded seat.

Overview

Design and Utility

This step-through gas scooter combines classic design with practical utility for daily commuting. Featuring a distinctive red and black color scheme with checkered flag accents, it offers a stylish appearance for urban environments. The inclusion of a rear luggage rack and a comfortable padded seat ensures both convenience and rider comfort, making it a reliable choice for short-distance transport.
