

Step-Through Motorcycle with Spoke Wheels

This motorcycle has a step-through frame design, similar to underbone or moped-style motorcycles. It features spoke wheels, front disc brake, and rear drum brake.

Overview

Compact Underbone Motorcycle

This step-through motorcycle features a classic underbone design, optimized for maneuverability and ease of use. With its distinctive red and white color scheme and durable spoke wheels, it is built for reliable daily transport. The vehicle includes essential utility features such as a rear carrier and a front fairing with integrated lighting, making it a practical choice for urban commuting.
