

Stone and Tile Cutter

This cutter is designed for precise and efficient cutting of marble, granite, tile, and other stone materials. It features a high-speed motor, adjustable cutting depth, and a water cooling system.

Product Overview

Professional Stone and Tile Cutting Solution

This compact and powerful cutter is engineered for the precise and efficient processing of marble, granite, tile, and various stone materials. Featuring a high-speed motor and an integrated water cooling system, it ensures fast cutting while minimizing dust and preserving blade longevity. Designed with user comfort and safety in mind, it includes an ergonomic handle, adjustable cutting depth, and double insulation, making it an essential tool for professional fabricators and installers.

Technical Specifications

Max Cutting Speed

80 m/s

Max Speed

Maximum RPM

13500 min-1

Features

Key Features

- High-speed motor for efficient cutting
- Adjustable cutting depth
- Integrated water cooling system
- Double insulation for safety
- Ergonomic handle design

Safety Features

Blade Guard • Double Insulation • Dust Reduction

Application

Compatible Materials

Marble, Granite, Tile, Stone
