

# Straight Pipe Coupler

This straight coupler is designed for connecting pipes. It facilitates direct connections between pipes with various diameter combinations.

## Product Overview

### Straight Pipe Coupler (RCF101)

The RCF101 CxC straight coupler is a robust plumbing component engineered for seamless pipe connection. Designed to accommodate a wide variety of diameter combinations, this fitting provides reliable performance for diverse system layouts. Its precision design ensures a direct, secure fit for professional fluid transport applications.

## Technical Specifications

### Supported Diameter Combinations

- 15x10mm
- 15x15mm
- 22x15mm
- 22x22mm
- 28x15mm
- 28x22mm
- 28x28mm
- 35x15mm
- 35x22mm
- 35x28mm
- 35x35mm
- 42x15mm
- 42x22mm
- 42x28mm
- 42x35mm
- 42x42mm
- 54x15mm
- 54x22mm
- 54x28mm
- 54x35mm
- 54x42mm
- 54x54mm

### Connection Type

CxC • Straight

### Model Series

RCF101 CxC
