

Strut Bumper and Bellows Kit for Chevrolet NUBIRA

This kit includes a strut bumper and bellows designed for Chevrolet NUBIRA vehicles. The strut bumper is made of high-quality rubber to absorb shocks and vibrations, providing a smoother and more comfortable ride.

Product Overview

High-quality polyurethane buffer block and protective dust cover components.

Suspension Protection Kit

This Strut Bumper and Bellows Kit is engineered to meet original equipment parameters, ensuring optimal performance and durability. The kit features high-quality polyurethane buffer blocks and resilient natural rubber or TPV dust covers designed to withstand extreme temperatures. Rigorously fatigue-tested to endure 200,000 impacts, these components effectively protect shock absorbers, extending their lifespan by up to 100,000 kilometers.

Technical Specifications

Detailed view of the strut bumper and bellows designed for optimal suspension protection.

Compatible Vehicle	Chevrolet NUBIRA
Model Years	2005-2011
Installation Position	Suspension System
Manufacturer Part Number	FK10063

Performance Metrics

Fatigue Test Performance

200000 times
Impact Cycles

100000 KM
Mileage Protection

Storage Shelf Life

3 years

Material & Quality

Certifications

ISO • IATF

Material Composition

Polyurethane, Natural Rubber, TPV

Temperature Tolerance

Down to -40°C

Commercial Terms

Available Terms

- FOB
- CIF
- EXW

Minimum Order Quantity

100 PCS

Warranty Period

1 year
