

Super Turbo Diamond Saw Blade

This diamond saw blade is designed for cutting various materials. It features a super turbo rim for fast and clean cuts.

Product Overview

Super Turbo Diamond Saw Blade

This high-performance diamond saw blade features a specialized super turbo rim designed for fast, clean, and efficient cutting. Engineered for versatility, it is suitable for a wide range of applications including concrete, brick, granite, and marble. With its laser-slotted 'T' shape design, this blade ensures effective material removal and extended operational life, making it an ideal choice for professional construction and renovation projects.

Key Features

Super Turbo Rim, Laser Slotted, T-Shape Design, High-Performance
