

Surface Mount Electrical Distribution Box with Transparent Cover

These electrical distribution boxes are designed for surface mounting. They feature transparent hinged covers, available in multiple sizes, and are constructed from impact-resistant materials.

Product Overview

Professional Electrical Distribution Solution

This surface mount electrical distribution box is engineered for reliable circuit protection in residential, commercial, and industrial environments. Featuring a transparent hinged cover, it allows for quick visual inspection and easy access to internal components without compromising safety. Built from durable, impact-resistant materials, this unit ensures long-lasting performance and protection for your critical electrical infrastructure.

Technical Specifications

Mounting Type	Surface Mount
Cover Design	Transparent Hinged Cover
Material Characteristics	Durable, Impact-Resistant

Configuration Options

Available Module Rows

- Single Row
- Double Row
- Triple Row

Applications

Suitable Environments

Residential • Commercial • Industrial
