

# Surface Mount LED Bulkhead Light

This surface mount LED bulkhead light provides general illumination. Its durable housing and translucent diffuser ensure even light distribution for indoor or outdoor use.

## ADDITIONAL IMAGES

## Product Overview

### Reliable Surface-Mounted Lighting

This surface-mounted LED bulkhead light is engineered for both indoor and outdoor versatility, featuring a robust PC body and ABS frame construction. Designed to provide uniform, glare-free illumination, it is an ideal solution for corridors, stairwells, and pathways. With its IP54 rating, this fixture ensures reliable performance and resistance to environmental factors, making it a dependable choice for demanding architectural lighting applications.

## Technical Specifications

### Ingress Protection

IP54

**Input Voltage** AC 220-240V, 50Hz

**Beam Angle** 120 °

**Rated Life Time** 25000 hours

## Performance Metrics

### Performance Options

**10 W**

Wattage Option 1

**700 lm**

Lumens Option 1

**14 W**

Wattage Option 2

**1000 lm**

Lumens Option 2

**Color Temperature** 3000K, 4000K, 6500K

## Construction & Features

### Materials

- PC Body
- PC Diffuser
- ABS Frame
