

Swine Feed Mixer

This pig feed mixer is designed for efficient and homogeneous mixing of feed ingredients for swine. It features high mixing efficiency, low energy consumption, and easy maintenance.

Overview

Efficient Swine Feed Mixing

This swine feed mixer is engineered for the efficient and homogeneous blending of feed ingredients, ensuring optimal nutrition for your livestock. It features a robust, durable construction designed to withstand the demands of daily farm operations. With a user-friendly control panel, operators can easily adjust mixing times and speeds to achieve consistent results, making it an ideal solution for small to medium-sized pig farms.

Technical Specifications

Efficiency

1 High

Mixing Efficiency

1 Low

Energy Consumption

Key Components

- Loading hopper
- Mixing chamber with rotating blades
- Discharge chute
- Adjustable control panel

Application

Recommended Use

Small-sized pig farms, Medium-sized pig farms, Swine feed preparation

Maintenance

Maintenance

Easy Maintenance
