

# Switzerland to IEC C7 Power Cord

This power cord features a Switzerland 2-pin plug on one end and an IEC 60320 C7 connector on the other. It is designed for connecting devices with a C8 inlet to a Swiss power outlet.

## Product Overview

### Professional Swiss Power Connectivity

This Switzerland 2-pin plug to IEC 60320 C7 power cord is engineered for reliable connectivity in European applications. Designed for safety and durability, it features a moulded construction compatible with various small electronic devices. The cable is fully compliant with Swiss SEV standards, ensuring high quality for professional use.

## Technical Specifications

### Connector Configuration

- Switzerland 2-pin plug
- IEC 60320 C7

Maximum Voltage	250 V
Compatible Cable Profiles	H03VVH2-F, H05VVH2-F
Conductor Cross-section	2 x 0.5-0.75mm <sup>2</sup>

## Compliance & Availability

### Certifications

Swiss SEV

### Available Customizations

- Customer specified length
- Customer specified color

Minimum Order Quantity	2000
