

Tabletop Hot and Cold Water Dispenser

This compact water dispenser provides both chilled and hot water options. It features push-button controls, indicator lights, and a removable drip tray, making it suitable for home or office environments.

Product Overview

Compact Tabletop Convenience

This versatile tabletop water dispenser provides reliable access to both hot and chilled water, making it an ideal solution for compact office or home environments. Engineered for efficiency, the unit utilizes electric cooling and powerful heating components to ensure water is ready whenever you need it. Its space-saving design fits easily on countertops while maintaining high performance standards.
