

Tabletop Hot and Cold Water Dispenser

This tabletop water dispenser offers convenient access to both hot and cold water. Its compact design is suitable for home or office environments.

Product Overview

Compact Hot and Cold Water Dispenser

This tabletop water dispenser provides convenient access to both hot and cold water in a compact, space-saving design. Engineered for efficiency, it features either compressor or electronic cooling methods to suit different environmental needs. With a child safety lock for the hot water tap and a built-in drip tray, it is an ideal solution for office breakrooms or home kitchens.
