

Tabletop Hot and Cold Water Dispenser

This table top water dispenser offers both hot and cold water. Indicator lights display hot, warm, and cold water status, and separate spouts with red and blue levers dispense the water.

Overview

Versatile Tabletop Water Dispenser

This tabletop water dispenser provides convenient access to both hot and cold water in a compact, space-saving design. Ideally suited for offices and professional environments, it features clear indicator lights and intuitive manual controls for easy operation. With high-efficiency cooling and heating capabilities, it ensures your facility remains hydrated throughout the day.
