

Tandem Bicycle for Two Riders

This tandem bicycle is designed for two riders. It features a step-through frame, front and rear fenders, and a rear rack.

Product Overview

Designed for Shared Journeys

This tandem bicycle is engineered for two riders, offering a stable and enjoyable cycling experience for couples or friends. Featuring a durable steel frame with a convenient step-through design, it combines structural integrity with ease of use. Equipped with front and rear fenders and a rear storage rack, this bike is well-suited for urban commuting or leisurely recreational rides.
