

Tankless Gas Water Heater with Decorative Glass Panel

This tankless gas water heater provides hot water on demand, eliminating the need for a storage tank. It features multiple safety protections and customized glass top.

Overview

High-Efficiency Instant Water Heating

This tankless gas water heater features a decorative glass panel, combining aesthetic appeal with high-performance functionality. Designed for on-demand heating, it provides instant hot water without the need for a storage tank, making it an efficient solution for household use. The unit utilizes a constant temperature strong exhaust system to ensure consistent performance and safety.

Performance Metrics

Key Performance Indicators

16 kW

Max Heat Input

8 L/min

Max Capacity

2 Level

Energy Efficiency

Technical Specifications

Exhaust System

Constant Temperature • Strong Exhaust

Gas Type & Pressure

Gas Type	Rated Pressure (Pa)
Natural Gas (NG)	2000
Liquefied Petroleum Gas (LPG)	2800

Operating Water Pressure

0.02 ~ 0.8 MPa

Model Options

Available Configurations

Capacity	Heat Input	Dimensions (mm)
6L/min	12kW	490 x 310 x 150
8L/min	16kW	520 x 323 x 180

Design Features

Aesthetic Features

- Decorative glass front panel
- Waterfall scene printed graphics
- Tankless, space-saving design
- On-demand instant heating
