

Tankless On-Demand Water Heater

This tankless water heater provides on-demand hot water. It features a compact, wall-mounted design with adjustable temperature and flow settings.

Product Overview

High-Efficiency On-Demand Heating

This tankless water heater provides an efficient, on-demand hot water solution for professional applications. Featuring a compact, wall-mounted design, it saves significant space while offering precise control over temperature and flow. Integrated digital monitoring ensures reliable operation and consistent performance for demanding environments.

Technical Specifications

Control Interface

- Temperature adjustment knob
- Flow rate control knob
- Digital temperature display

Model Capacity

23 kW

Capacity/Model Rating

Design Type

Wall-mounted tankless

Installation and Compliance

Utility Connections

Water Line, Gas Line

Ventilation

Yes
