Product Overview

High-Performance TD03 Turbocharger

The TD03 Turbocharger is precision-engineered to enhance the performance of 2.2L engines. Designed for optimal airflow and boost pressure, this unit significantly improves horsepower and torque for demanding driving conditions. Constructed from durable K18 material, it ensures long-lasting reliability and robust performance for automotive applications.

Technical Specifications

Part Number	49131-06320
Engine Compatibility	2.2L
Material	K18

Compatibility & Support

Compatible Makes	Ford
Warranty	1 Year

Service & Supply

Supply Scope

- Full set turbocharger
- Turbo spare parts

Packaging Options

Neutral Packing • OEM
