

Telescopic Aluminum Folding Hand Truck

This folding hand truck features a lightweight and durable aluminum construction. The telescopic handle and folding toe plate ensure easy operation and compact storage.

Product Overview

Versatile Aluminum Hand Truck

This telescopic aluminum folding hand truck combines a lightweight, creative design with industrial-grade durability. Featuring an oxidation-treated surface for superior rust resistance, it is built to perform in both professional office environments and daily household tasks. Its compact, foldable structure ensures it occupies minimal space when not in use, making it an ideal solution for travel and storage.

Technical Specifications

Construction Material	Aluminum Alloy
Surface Treatment	Positive pole oxidation
Model	FW-90D (Extra-Size)

Compliance & Quality

Certifications & Standards	GS, TUV
Intellectual Property	National Patent Obtained

Usage & Features

Key Features

- Telescopic handle design
- Folding toe plate
- Rust-proof surface treatment
- Compact folding storage
- Smooth-rolling wheels

Recommended Use

Family • Office • Travel • Shopping
