

Telescopic Hedge Shears with High-Carbon Steel Blades

These professional-grade hedge shears are designed for efficient and precise trimming. They feature high-carbon steel blades and a telescopic handle.

Product Overview

Professional Hedge Trimming Solution

These professional-grade hedge shears are designed for efficient and precise trimming of hedges and shrubs. Featuring high-carbon steel blades, they offer long-lasting sharpness and durability to ensure a clean, even cut that promotes healthy plant growth. The telescopic handle provides extended reach, while the lightweight design helps reduce user fatigue during prolonged operation.
