

Telescopic Metal Garden Hose Reel Cart

This metal hose cart can store up to 60m of 1/2" hose or 45m of 5/8" hose. It features a telescopic handle and sturdy wheels for easy maneuverability across different terrains.

Product Overview

Professional Garden Hose Management

The Telescopic Metal Garden Hose Reel Cart provides a durable and efficient solution for organizing garden hoses up to 60 meters in length. Featuring an ergonomic, height-adjustable telescopic handle, it ensures user comfort and easy maneuverability across various landscapes. Its robust, corrosion-resistant construction and angled connection design prevent kinking, wrapping, or twisting, significantly extending the service life of your irrigation equipment.
