

Textured Palm Grip Work Gloves

These gloves feature a textured palm for enhanced grip. The gloves are constructed from neoprene with orange reinforcement on the fingers and palm.

Product Overview

Professional Textured Palm Grip Work Gloves

These work gloves are engineered for superior handling and durability in demanding environments. Featuring a black neoprene back for comfort and flexibility, they include reinforced orange sections on the fingers and palm for added protection. The specialized textured pattern on the palm ensures enhanced traction and grip, making them an ideal choice for tasks requiring precision and safety.

Design and Materials

Color Scheme

Black • Orange

Material Composition

Neoprene, Reinforced Palm, Textured Surface

Performance Features

Key Benefits

- Enhanced grip control
- Flexible back design
- Reinforced finger protection

Grip Technology

Raised dot pattern for improved traction
