

Textured Yellow Glass Tile for Mosaics and Inlays

This is a square-shaped glass tile with a textured surface and a yellow hue. It is suitable for mosaics, decorative inlays, or unique architectural designs.

Product Overview

Artisanal Textured Glass Tiles

These yellow glass tiles feature a distinct organic texture, characterized by raised vein-like patterns that create a compelling tactile experience. Designed for versatility, they serve as an ideal choice for intricate mosaic works, bespoke architectural inlays, and custom decorative projects. The handcrafted aesthetic is further enhanced by their unique, slightly irregular edges, ensuring a high-quality visual impact for any professional design application.
