Overview

Compact High-Precision Thermal Printer

This professional-grade thermal printer is designed for high-precision printing of small labels, wristbands, and barcodes. Featuring a robust metallic body and a 300 dpi resolution, it ensures clear, accurate output for 1D and 2D barcodes. The device is engineered for ease of use, offering automatic feeding and alignment, making it an ideal out-of-the-box solution for environments ranging from healthcare and retail to logistics and office management.

Printing Capabilities

Resolution

300 dpi
Resolution

Print Width Range

10mm - 40mm

Maximum Print Speed

100 mm/s

Connectivity & Software

Supported Barcode Types

- Linear: Code 39, 128A/B/C, EAN-128, Code 93, Codabar, UPC-A/E, EAN-13/8, Postnet, MSI, GS1 Databar
- 2D: PDF-417, Maxicode, Data Matrix, QR code, Aztec

Connectivity Interfaces

USB 2.0, Ethernet (RJ45), Wireless 802.11 b/g (Optional)

Physical Specifications

Dimensions (W x H x D)

125mm x 213.5mm x 265.5mm

Gross Weight

3.29 kg

Operating Environment

Operating Temperature Range	4.4°C to 40°C
Operating Humidity	20% - 85% (non-condensing)

Power

Power Supply	100-240VAC, 50-60Hz (70 Watts)
