Product Overview

Professional Thermoelectric Beer Dispenser

This thermoelectric beer cooler offers a versatile and efficient solution for dispensing beer at home or in small gatherings. Designed to accommodate 4L, 5L, and 6L mini kegs, it utilizes advanced thermoelectric cooling technology to maintain an optimal serving temperature. With its integrated tap system, durable ABS construction, and compact design, it provides a reliable and clean dispensing experience without the noise or pollution associated with traditional cooling methods.

Technical Specifications

Cooling Capacity	5 °C
Power Consumption	60 W
Voltage Compatibility	110V AC, 220V-240V AC, 12V DC
Main Material	ABS

Logistics & Dimensions

Weight Details

6.25 kg

Net Weight

7.84 kg

Gross Weight

Container Loading Capacity

Container Type	Quantity
20'GP	400
40'GP	600
40'HQ	650

Dimensions (L x W x H)

47.5cm x 30.5cm x 39.5cm

Features

Supported Keg Sizes

4L • 5L • 6L

Key Benefits

- Integrated mini pump and tap handle
- Includes beer cooler adaptor
- Thermoelectric cooling technology
- Environmentally friendly operation
- Low noise and long service life
